Dear Business Analyst / IT Professional,

Greetings from Fyzics!

Today's business climate is filled with disruptions from emerging technologies, innovative business models, challenging compliance requirements and ever changing customer expectations. This demands, business analysts to constantly identify, understand and analyse the challenges and to recommend appropriate solutions to take the organisation to the next level.

Fyzics is organising a one-day **National Conference on Business Analysis 2018** with a theme 'Business Analysis in 2020 & Beyond' at Chennai on Friday, 29-June-2018. This conference will enable you to understand and appreciate the emerging trends in the industry that a business analyst must know to help his/her organisation to attain its goals and objectives. The conference features 20+ speakers delivering on a variety of topics like Business Analysis Schema, BA Techniques, BA Tools, Documenting Business Case-BRD-RSD-TSD, modelling, prototyping, principles of process mapping, artificial intelligence, machine learning, IoT, IoL, case studies etc. All participants attending the conference will receive a certificate for 8 PDU's that can be used as a credit towards various international certification requirements.
